

GUMNUT MAKES RUNNING YOUR SALON AS EASY AS POINT, CLICK AND DRAG

Increase staff productivity, enhance the customer experience and manage your business

General Look And Feel

- Select an appropriate background image theme from our rich selection that fits your salon
- Design your own menu fonts and colours

Appointment book

A fully-featured system that manages clients and sales

- Handles two staff serving one client or one staff serving 2 clients at the same time, multiple bookings, rebooking, package bookings, walk-ins, wait times, staff breaks
- Easily change, drag and drop, delete or cancel appointments
- Automatically sends reminders via 1 or 2 way SMS or email, remembers birthdays and staff preferences
- Fully customise the screen layout with no. of columns, booking colours, font colours, sizes and wording etc

Point of sale

Would you like full flexibility to sell merchandise or gift vouchers, manage client credits or accounts owing?

- Access client history
- Enables multiple payments, walk-ins, series sales, petty cash management, product returns, service refunds and multiple tills.
- Connects to receipt printers, cash drawers, barcode scanners and touch screens.

Gift Voucher

Encourage repeat business, bring in new clients

- Complete gift voucher management system that enables a numbered, fully trackable voucher system as part of your marketing efforts
- Options for your own numbering and partial redeeming

Client database

Fully customisable, privacy protected systems

- Access demographics, payments, service and sale history. Decide what information you want to keep and customise your own client info database to help your marketing
- Design your own initial consultation, chemical and treatment notes. Store photos.
- Track staff access to all records, limit access to any sensitive information

Marketing

Set up your marketing, track the results

- Step by step data searching generates a specific list of people for mail merge, email and 1 or 2 way SMS marketing. The software will then track who responds to your marketing as they respond.
- Gather lists of names (like 'all colour clients') to use in your marketing
- Loyalty Clubs such as discount and points clubs are easily managed - you can track all member clients and print plastic classic or smart cards with photos and other client details.

Take control of your business

Staff management

- Individual staff Rostering
- Wages and commissions
- Clock in and clock out
- Full staff performance analysis

Stock management
